

Zhen Ding Technology Holding Limited (4958 TT)

February 2023 Monthly Revenue Report

Zhen Ding Technology Holding Limited (Ticker: 4958), a leading global PCB manufacturer, today reported February 2023 revenue of NT\$9,944 million, up 0.04% YoY and down 20.35% MoM. For January through February 2023, cumulative revenue reached NT\$22,428 million, up 9.98% YoY. According to Zhen Ding, the revenue in February and the first two months of the year both reached record highs for the same period again, and this was consistent with the company's strategy of driving steady growth. During the traditional off-season in the first half of the year, facing challenges from the macro environment and rapid changes in the market demand, Zhen Ding will not only focus on cost control and the optimization of capacity allocation, but also actively work with their customers to develop new product applications, laying the foundation for the company's growth in the second half of the year and beyond.

Zhen Ding will hold its 4Q22 earnings call next Monday on March 13th at 3:00pm Taipei Time. The call will be jointly held by Chairman, General Manager and CFO, providing details about Zhen Ding's operating results and future outlook. Please fill in the [online registration form](#) and the meeting link will be sent via email.
