## 2023 Communication between Independent Directors and Chief of Auditors

The Internal Audit Division communicates with the independent directors by sending monthly audit reports to each independent director for review, and the head of the Internal Audit Division also reports to the Audit Committee members and the Board of Directors during meetings on future audit development plans and important findings. The head of the Internal Audit Division, the head of the Internal Audit Division and the independent directors meet regularly at least once each year to report and discuss the status of the company's internal audit and internal control operations. If the internal auditors find any significant irregularities or the company is in danger of suffering from damages, they will immediately make a report and inform the Board of Directors and the Audit Committee.
