

Zhen Ding Technology Holding Limited (4958 TT)

February 2025 Monthly Revenue Report

Zhen Ding Technology Holding Limited (Ticker: 4958), a global leading PCB manufacturer, today reported February 2025 revenue of NT\$12,204 million, up 41.22% YoY, reaching a record high for the same period in the company's history. For January through February 2025, cumulative revenue reached NT\$25,674 million, up 19.88% YoY, also achieving a record high for the same period.

According to Zhen Ding, its cumulative revenue for the first two months of the year showed significant YoY growth. Four major applications, including Mobile Communications, Computers and Consumer Electronics, Servers/Automotive/Base Stations, and IC Substrates, all achieved double-digit growth, with IC substrates recording the highest annual increase. The continued record-breaking revenue demonstrates the effectiveness of the company's "One ZDT" strategy in diversifying its product portfolio. Under this strategy, Zhen Ding has actively developed high-end products in key application areas to meet customer demand for advanced technologies, further strengthening its market leadership.

Zhen Ding will hold its 4Q24 and full year earnings call on March 11th (Tuesday) at 3:00pm Taipei Time, providing details about the company's operating results and outlook. Please fill in the [online registration form](#) and the meeting link will be sent via email.
