

Zhen Ding Technology Holding Limited (4958 TT)

April 2025 Monthly Revenue Report

Zhen Ding Technology Holding Limited (Ticker: 4958), a global leading PCB manufacturer, today reported April 2025 revenue of NT\$13,589 million, up 22.90% YoY, marking a record high for the same period in the company's history. For January through April 2025, cumulative revenue reached NT\$53,671 million, up 23.19% YoY, also setting a new record for the same period. These results demonstrate the company's strong capability to maintain steady growth amid rising macroeconomic uncertainties.

According to Zhen Ding, April revenue maintained strong YoY growth, with IC Substrates showing the highest revenue growth among its four major applications, increasing by nearly 50% YoY. This was followed by Computers and Consumer Electronics segment and Mobile Communications, both achieving over 20% YoY revenue growth. While the evolving global political and economic conditions as well as fluctuations of exchange rates have posed challenges to the supply chain, Zhen Ding will continue to strengthen its global footprint and operational resilience. The company remains committed to delivering above-industry-average growth across key application areas including IC substrates, edge AI, AI servers, and optical modules, with the goal of achieve another record-high revenue this year.

Unit: thousands	Consolidated Revenue (NTD)
April 2025	13,589,057
April 2024	11,057,398
YoY Change (%)	22.90%
Jan – April, 2025	53,670,930
Jan – April, 2024	43,567,713
YoY Change (%)	23.19%
