

Zhen Ding Tech. Group Kaohsiung AI Park Obtained the Investment Approval by the Southern Taiwan Science Park Bureau

Zhen Ding Technology Holding Limited (Ticker: 4958), a global leading PCB manufacturer, today reported, obtained the investment application of its subsidiary in Kaohsiung AI Park approved by the Southern Taiwan Science Park Bureau today (26th). It is estimated that the future investment amount is NT\$2 billion. In addition to the research and development and production of high-layer counts RPCB and high-density Interconnects boards (HLC-HDI) for AI server needs, in order to cooperate with important customers to develop the technology required for the next generation of high-end hardboard products, a hardboard research and development center will be built simultaneously in the STSP branch to establish relevant technical capabilities early, and through cooperation with important customers, it will cultivate printed circuit board technical talents with an international view to respond to the era of rapid competition in the future. ◦
